There have been complaints regarding carts being driven thru home owners' yards. This is a kind reminder to always respect other's private property. Please DO NOT drive your carts onto private property with your carts. Always use the cart paths and roads. The carts create damage to the well-kept yards & can also damage any in-ground sprinkler systems, which can cause expensive repairs. Parents, please talk with your children who drive carts, about the ethics & respect for private property.

Your attention to this matter is greatly appreciated.
